• **Flocking** – Flocking is a computer cut vinyl material with a felt like texture, commonly used on sports uniforms, such as football jerseys. It is transferred to any standard color twill table throw with a high temperature heat press. Flocking is permanently adhered and will not peel, crack, or fade. The maximum logo size is 45”w x 25”h. It can be washed and ironed. Available flocking colors are black, white and maze. Additional colors may be available – please call if you do not find the color you need.

## Perma Logo Table Throws

A high temperature transfer of computer cut vinyl material onto polyester twill fabric. Maximum logo size 45”w x 25”h. Perma logo vinyl features the same lettering used on most professional and amateur sports jerseys and uniforms.
