

xpressions®
SALESMATE™
 EXHIBITOR SERIES

SalesMate™ is one of the hottest new display options on the market. Compact, convenient and easy to set-up. The SalesMate is small in size when traveling, upon set-up the all inclusive skins provide great impact! The SalesMate™ Exhibitor Series Kits were designed to provide turn-key table top display options that carry over the excitement and purpose of xpressions.

The Exhibitor Series Kits include everything needed to travel and display efficiently at trade shows. Set-up is a breeze with a full size 8' throw emblazoned with a large perma logo presence. Each 8' throw can be converted to a 6' with the included velcro tabs. The SalesMate display comes with the graphics already on the frame.

Traveling with large displays is becoming less and less attractive, choosing SalesMate™ compromises nothing except the hassle! SalesMate™ Exhibitor Series Table Top Kits help eliminate a little stress out of life. Have a great show!
