

LOWER FRAME COST THAN BURST!

LOW COST // HIGH IMPACT // EASY TO USE //

The VBurst is a fabric backwall pop up system. It is available as either a flat or curved display with or without end panels.

VBurst utilizes the kaleidoscope select or colossus dye sublimation graphic process to produce the highest quality graphics.

When set-up the graphic unfolds with the frame to form a completely smooth and seamless image. Available with the toughest shipping case designed today.

Easy Set-up!
