# sprint Light Instructions
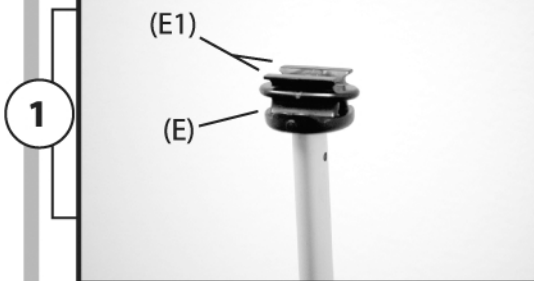

Sprint light pack includes:
- light (A)
- Light bulb (B)
- Light clip base (C)
- Cord with power pack plug (D)
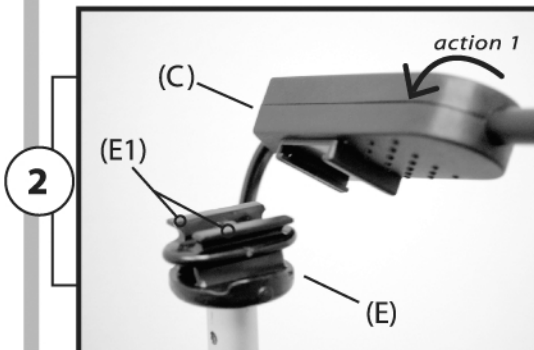

Close up of Sprint banner stand from above right with graphic and light attached.

Top of Sprint banner stand mast without graphic shown.
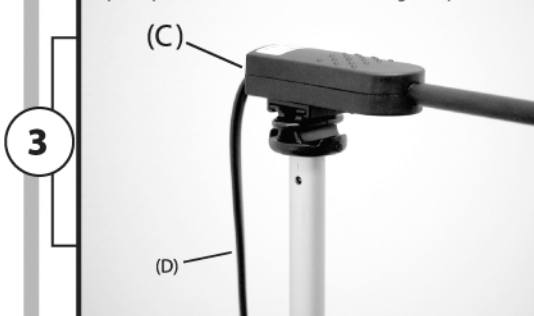

1 — (E1) (E)

Locate the black light / banner hardware clip (E) at the top of the Sprint banner stand mast. Find the upper top fins (E1). The light clip base (C) slides over the top fins (E1).
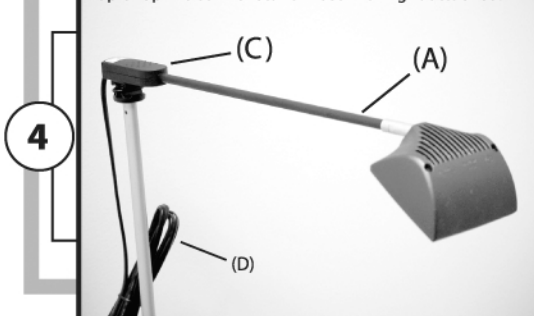

2 — (C) (E1) (E) *action 1*

Position light clip base (C) level (see action1). Slide clip base (C) onto the top fins (E1). Continue to slide the clip base (C) until the tracking fins (C1) are flush with the top fins (E1).
